INCENDIARY FIRE SWEEPS CANADIAN CAPITOL WHILE HOUSE IS IN SESSION.

A great fire, believed to be of incendiary origin, consumed the magnificent Canadian Parliament buildings Thursday night, the fire starting at 9 o'clock. The property loss is estimated at \$10,000,000. Two women, guests of Madame Sevigny, wife of the speaker of the House of Commons, are known to be dead. Others are feared to have been lost. Every member of the house, which was in session when the conflagration was discovered, escaped. The Hon. Martin Burrell was badly but not fatally burned.

DELIGHTFUL LEAP YEAR DANCE.

Thursday evening at Neptune Hall a delightful Leap Year dance was given under the management of the young ladies of the city. The large hall was crowded with dancers and the light fantastic was tripped until an intermission at 12 o'clock, when the party repaired to the confectionery establishment of M. G. Bierley & Son on Market street, where a delightful course dinner was served. A Victrola loaned by P. J. Murphy furnished music for the banquet. The dance will long be remembered as a most enjoyable affair.

BIG DOINGS MONDAY NIGHT.

"Uncle Bill" Allen, the Republican Representative from Clinton and Wayne counties, was unseated by 57 to 23 in the House in favor of S. C. Dobbs, Democrat. Three Democrats voted against this action. The charge was made that votes for Allen would be traded for votes for Stanley county.

Bro. Duley of Flemingsburg, now says the drunks up there is caused by "Ripley murder juice." But he has to have something to harp about from Maysville, so he's landing on the tobacco market now.

TO RAISE \$5,000,000

As a Pension Fund For Episcopal Ministers—Bishop Lawrence To Make Active Campaign.

Speaking at the annual dinner of the Church Club of New York, Bishop Lawrence of Massachusetts announced the result of a careful census which had now been completed of the salaries paid to the clergy of the Protestant Episcopal church in the United States.

"There are 4,429 clergymen actively devoting their lives to the service of the Episcopal church—sometimes called the richest church in America," said Bishop Lawrence. "Yes, 2,523 of our clergy, more than one-half, are paid less than \$1,500 a year; 727 receive less than \$1,000; and only 118 earn \$5,000 or more. The average pay for all is \$1,200 a year—about the salary of a New York policeman. Even this is not all cash, but includes the value of a house, when supplied.

"This is the living which men of education and of devotion, many of them of large leadership, get for the support of themselves, their wives and children; they must dress well, live among people where rents are high, keep open house and always be cheerful and full of vigor.

"The highest average salary is earned at 47 years of age. There is a distinct falling off in the salaries earned by the older men, especially those over 60. Many old men performing hard jobs are making \$600 to \$700 a year. The church, therefore, today has in fact if not in name a system of virtual retirement at the expense of the old men."

Bishop Lawrence indicated that on the basis of the foregoing facts, the Episcopal church had determined to develop a self-supporting pension system which would adequately take care of clergymen more than 65 years old.

In order to put the scheme into immediate effect, Bishop Lawrence stated that he would temporarily suspend active duties as bishop of Massachusetts and devote his entire time to the work of raising a fund of \$5,000,000 which actuates estimate must be in hand before the plan can take care of itself.

STEAMER OHIO DESTROYED.

Parkersburg, W. Va., February 3.—The steamer Ohio, owned by the Ohio River Packet Company, caught fire from some unknown source about midnight tonight and an hour later broke in two and sank after burning to the water's edge. The loss is estimated at \$35,000.

A watchman whose known has not been learned, and a negro laborer were the only persons on board. Both escaped, according to an unidentified man, who discovered the fire from the shore and spread the alarm.

The Ohio was engaged in the Cincinnati trade, but had been tied up since last fall. A month ago the steamer was placed in dry dock and only recently the repairs were completed. Rivermen say the steamer is a total loss.

TRAMPS CAUSE FIRE.

Thursday morning about 10 o'clock Fire Company No. 1 answered a call from Box No. 49. Upon arriving at the scene it was discovered that the large warehouse of the defunct "Old Gold" mill was afire, but Chief Newell and his laddies soon had the blaze under control. The fire was caused by some tramps who are in the habit of sleeping in the building. It is believed a fire was started and left unattended. Several shirts and vests were found in the building. These were turned over to the police who will endeavor to find the owner. Had the fire not been discovered before it gained headway serious damage might have resulted.

MAYSVILLE BOY MAKES RECORD AVERAGE.

Mr. M. P. Redmond, the Third street grocer, received word Thursday from the officials of Center College, Danville, Ky., telling him of the high average made by his son, George B., who is a student there, made in the mid-winter examinations. Mr. Redmond obtained the record-breaking average of 95 per cent, the highest ever made at Center College since its founding more than ninety years ago. This is quite an honor to both Mr. Redmond and the Maysville High School, of which he is a recent graduate.

The spout and cut-off of the big water tank at the L. & N. roundhouse became unmanageable Thursday morning on account of the thick ice that had formed close to the side of the tank, and before the water could be shut off several hundred gallons of water were wasted.

In the case of the city of Maysville vs. Davis and same vs. January & Wood Company, in the Court of Appeals, the petition for a rehearing of the cases was overruled.

The official board meeting of the Christian church will be held at 7:30 tonight.

Miss Tillie Ellis of Henderson, Ia., is the guest of Miss Annabel Wheeler of East Second street.

Mr. John H. Holton of Indianapolis is visiting friends and relatives in this city and county.

MAYSVILLE POSTOFFICE GOING SOME.

Postmaster M. F. Kehoe has been notified by the Postoffice Department, Washington, D. C., that Postmaster General Burleson issued an order January 29, effective February 1, making the Maysville postoffice the receiving and distributing point for third and fourth-class postoffices in the adjacent territory. This means that 122 postoffices with twelve rural route connections, will hereafter receive their postal supplies direct from the Maysville office instead of the Department at Washington, D. C., as heretofore. Maysville is also made the depository of thirty-eight money order offices. This is quite an increase in business and Uncle Sam's boys on Government Square will be a busy set.

You not only do your eyes an injustice, but your neglect of your eyes may be causing some reflex trouble, such as headache, etc., which more than likely can be corrected by the properly adjusted glasses. It is stated by an eminent physician that 93 per cent of the headaches, especially pains above the eyes, are caused by eye strain. We will examine your eyes and advise you if you can be helped by glasses. BROKEN LENSES DUPLICATED.
